

01 September, 2025

Thank you for visiting our page.

YAHSARA ABAANTU LBG is a newly registered African NGO. Our Mission is to connect Africans worldwide, to educate and empower African youth and work with the Diaspora to identify and facilitate the deployment of existing and new African solutions for continental transformation in a way that compliments government goals and initiatives.

I am Antony Whitehead. I am the founder of Yahsara Abaantu. I am a minister with 30 years experience in broadcast media, ICT, international trade, education / skills training and ministry / missions. My lineage include Ghanaian ancestry on my father's side. And my mother is African American. I was raised in the Caribbean and educated in the Caribbean and the United States.

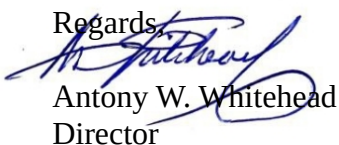

My wife, Judy, our four children, our grandchild and I are among thousands of the African Diaspora who are returning to various countries in Africa some for vacation, some to retire and others to contribute to its advancement. We are here to contribute.

Therefore, we are committed to using our education, skills, experience and connections to deliver services through media, education and wellness services to positively impact the lives of young people regardless of their socioeconomic background including the economically disadvantaged, the disabled, orphans and at-risk youth in rural and urban communities. Students will benefit from a Science, Technology, Engineering, Economics and Math (S.T.E.E.M.) focused education with our Education Skills / Technology to Entrepreneurship Program (e-STEP). They will be equipped to become innovators, tradesmen, leaders, and employees who possess an entrepreneurship mindset. Our satellite broadcast and network platform will enable us to quickly scale our operations and reach from our base in Ghana and then Tanzania and beyond.

We invite you to help us fulfill our calling by making a donation to Yahsara Abaantu. We need \$56,000 to purchase a 0.25 acre property which includes 1 house completed except for tiles, windows and doors; 1 building finished to lenti level and a foundation. This property will be the site of our offices, studios and satellite up-link.

We clearly see the potential that African young people have to be the catalyst for the transformation of Africa. We are profoundly grateful for the opportunity to contribute. Africa is the future. And Africa's time is now.

Regards,

Antony W. Whitehead
Director
